ORBISplus

The Catalog and User Account

The online catalog ORBISplus provides records of the holdings of the three ORBIS libraries and the electronic resources they offer. The address is

<https://plus.orbis-oldenburg.de>.

You may also access your user account in the upper right hand corner of the catalog's page. Your user account lists information on current loans, ordered or reserved items and overdue fines.

You will also find options for renewing your books and changing your password.

Ordering and Borrowing Books

Oldenburg Regional Library is partially a closed stacks library. The books in the open shelf area may be taken directly off the shelf and borrowed at the desk. Books that are older than 100 years, newspapers, reference books in the open shelf area, maps and other books marked "not borrowable" can only be used in the library. You can order the books of the closed stack area via the online catalog. They will be available to you within 15 minutes.

To find out where a book is located and whether it can be borrowed or not, login to your user account in the online catalog, search for the book, click on the "locations"-tab.

If the book is in the open shelf area, please note the shelf mark and take the book off the shelf yourself. If the book is in the closed stack area or currently borrowed, please click on "request" to request the book.

If it is not borrowed, it will be ready to be picked up within 15 minutes.

Borrowing books is free of charge unless you fail to return the books on time, renew them within the loan period or damage or lose the books. The loan period for borrowed books is 30 days.

You may renew your book via user account, telephone, email or at the circulation desk for another 30 days as long as the total renewal has not exceeded 210 days and no other user has requested the book.

LIZ

The Learning and Information Center (LIZ) provides 15000 important books that have been published in the last 5 years and can be borrowed at the circulation desk.
